All That Jazz

Old Hammondtown Plays At State House

On Friday, April 30, the Old Hammondtown Jazz Band was asked by the Executive Office of Elder Affairs for the Commonwealth of Massachusetts to perform at the State House for the Dove Awards.

The Dove Award (Devoted Outstanding Volunteer to Elders) is the highest honor the state bestows on those serving elders in state-funded programs. The recipient of the award is given a lapel pin in the shape of a dove. It is awarded annually to eight or nine seniors chosen by an independent panel of judges. Nominees are submitted from organizations throughout the state. Locally, in the past eight years, four nominees from Coastline Elderly Services of New Bedford have received the award.

The Old Hammondtown Jazz Band, directed by Stan Ellis, is an eighteen piece band made up of fifth and sixth grade students. In March the band gave a demonstration of their musical skills to music teachers from all over the state at the All-State Conference for Music Teachers. They also performed at the Berklee College of Music on April 29 for music education students

Old Hammondtown Student Wins Award

On Friday, April 30, the Department of Environmental Management (DEM) awarded honors to seven winners in the annual Arbor Day Poster Contest at a ceremony at the Pine Glen School in Burlington, MA, where first place winner Harry Skourtis is a student. The theme, "Trees are Terrific for Shelter and Shade," drew entries from more than 3,000 fifth-graders in public and private schools across the Commonwealth.

Rachel Reusch of Old Hammondtown School in Mattapoisett was given a special award along with three other students from Worcester, Somerset, and West Newton. Second Place honors went to Mitchell Stasko of Swift River Elementary School in Belchertown, and Third Place was awarded to Emily Olesin of the Thomas Prince School in Princeton.

"These posters beautifully depict the way in which trees make our cities and towns greener and more pleasant places," said DEM Commissioner Peter C. Webber. The ceremony concluded with Smokey the Bear and other distinguished guests joining the award-winners in planting a kousa dogwood tree.

May 4, 1999

By Kenneth J. Souza

A regular meeting of the Mattapoisett Board of Selectmen was called to order on Tuesday, May 4, 1999 at 7:00 pm by Chairman Paul E. Lambalot. Also present were Selectman Barry J. Denham, Selectman Raymond H. Andrews, and Executive Secretary Carol Adams.

After approving the minutes of the April 27 meeting, the board signed letters of appreciation to Donald Linhares, Sarah Guille, and Tim O'Connor for their past service to the town and also unanimously approved a Hawkers and Peddlers License for Joseph Dargon to sell flowers on Main Street during select holidays.

Under meetings scheduled for the week, Ms. Adams noted the following:

- Wednesday, May 5 at 6:30 pm - Plymouth County Advisory Board Annual Meeting at the John Carver Inn in Plymouth. Selectman Lambalot and

At 7:05 pm the board met with Robert Cummings of East Coast Engineering for an update on the fuel spill remediation project at the Police Station. Mr. Cummings noted that they've been monitoring the test wells on a monthly basis, and the results have improved. Although there was a slight increase in the April numbers, overall it seems to have brought the contamination amounts down to an acceptable level.

"We're near the point where we'll be able to turn the system off soon," Mr. Cummings said. "We saw a pretty decent decrease from February to March. If the system continues to operate well ... we should be able to go offline by June or July."

At that point, Mr. Cummings said they can begin to enter Phase II which would allow them to conduct a risk assessment to see if any outlying areas are

Mr. Cummings added that the levels meet GW3 requirements for municipal groundwater; they are only concerned that some levels are slightly above GW2 levels which are more stringent for groundwater within 25 feet of a building where people live or work.

"There's clearly some gasoline which migrated beyond the confines of this system," Mr. Cummings said. "But I think we should be able to close out the site ... with

a couple of days' worth of drilling migratory test wells."

The board wanted to check on how much money remained in the account for this project and wanted to make sure that the \$25,000 to \$30,000 needed was available. "I think we're still within the budget for the project," Chairman Lambalot said. "We're also still actively looking to recover monies from the party responsible for the leak."

At 7:30 pm the board met with members of the Old Rochester Regional School Building and Renovation Committee and School Superintendent Betty Quinn to hear a presentation on their proposed plans for expanding both ORR Junior and Senior High Schools. The committee presented an overview of the feasibility study which was funded in 1997 along with proposed plans for the schools.

Last year, the towns of Marion, Mattapoisett and Rochester allocated \$200,000 to conduct a feasibility study, the results of which concluded that the junior and senior high schools are in desperate need of expansion and renovation to meet the rapid increase in student population expected to continue through 2015.

During the last ten years, student enrollment at the regional schools has increased 25 percent to 1,131 this academic year — an estimated 31.4 students added each year. Projecting over the next ten years, that means they can expect to have 1,446 students in 2010 and 1,602 students at the end of 2,015.

To alleviate this growth, the study suggests that a 108,000 square foot addition be built onto the back of the existing high school, increasing its overall building capacity from 180,000 square feet to 288,000 square feet. This would allow the region to get 67 percent reimbursement from the state for both the design and engineering phase and final construction phase of the project. The proposed expanded and fully renovated schools will be built to house 1,760 students — 660 at the Junior High School and 1,100 at the High School. The site, including traffic circulation, fields, and educational space, will accommodate this added enrollment.

The first phase this year would entail design and engineering costs at a total of \$1.7 million — \$652,800 of which would be Mattapoisett's share and appears as Article 43 on next week's Annual Town Meeting warrant. The committee estimated that the final construction phase, which would likely be presented to voters next year, would cost between \$37 and \$41 million.

Under incoming correspondence for the week, the board received:

Now that it is spring, are there any special things that I need to do for my dog and/or cat?

1. Dogs that are not on year round heartworm prevention need to have a blood test and must start taking a monthly or daily heartworm preventative.
2. Cats can also get heartworms and should start taking a monthly preventative.
3. Dogs and cats that spend time outside need tick protection. Two mild winters in a row have left us vulnerable to a very severe tick season (spring and fall). Ask your veterinarian about Frontline Top Spot.

Rochester Selectmen's Meeting

May 3, 1999

By Kenneth J. Souza

A regular meeting of the Rochester Board of Selectmen was called to order on Monday, May 3, 1999 at 6:55 pm by Chairman Richard Cutler. Also present were Selectman Naida Parker, Selectman Patricia Ryan, Executive Secretary James Huntoon, and Administrative Assistant Veronica Lafreniere.

The board first considered the appointment of Robert Hiller to fill a vacancy on the Personnel Board jointly with Town Moderator Kirby Gilmore. Both the board and Mr. Gilmore unanimously voted to appoint Mr. Hiller to the Personnel Board. The board also unanimously voted to appoint Charles Wolf to the Zoning Board of Appeals for a five-year term to expire on April 30, 2004; and voted to appoint Suzanne Carlson, Jody Church, Mary See, and Sarah Stubbs to the Rochester Cultural Council.

After approving the minutes of the April 21 and April 26 meetings, the board considered a letter from resident Michael Goodman suggesting the name of Fewsmith Road be changed to Tall Pines Road in the Haskell subdivision. But Selectman Parker was concerned that there still might be some confusion with Pine Street — the reason for the change being that E-911 policy discourages similar sounding street names. "I think we should send him a letter suggesting he try again,"

Selectman Parker said. "That might be too close (to Pine Street) ... and cause some confusion in dispatching emergency vehicles."

At 7:05 pm Chairman Cutler opened two Public Hearings upon a request from Bell Atlantic to locate two jointly-owned utility poles: one on County Road, the other on Neck Road. The former was to be installed to provide service for the R.F. Morse greenhouse and nursery, the latter to provide service to a new home. There being no residents present to object to either pole location, the board unanimously approved both requests as submitted.

At 7:15 pm the board met with the members of the Soil Conservation Board to review their progress as a

newly-appointed board and to see how things are going. "We haven't met since (the Soil Conservation Board) was formed ... as you know, the Board of Selectmen used to carry out the duties of soil conservation," Chairman Cutler said. "I want to know how you feel the current by-law is working."

"We haven't heard complaints from anybody," said board member Michael Soares, who added the board plans to visit the 29 sites on their list as a group later this month.

But Selectman Parker said there seems to be rising concern from residents over truck traffic in town, much of which can be attributed to soil projects under the purview.

There's also been concern about site activity on weekends. "I've heard sifters running on High Street on Sunday," Chairman Cutler added. "Let's just say they're pushing the envelope."

Resident Troy Winston who lives at the busy intersection of Walnut Plain Road and High Street came before the board with a petition signed by 25 residents who have issues with the truck traffic — both in terms of numbers and rate of speed. "We came to Rochester three years ago, and we'd see about 10 trucks a day," Mr. Winston said. "Now we're seeing 20-plus on any given day and they start at 6:30 am when I'm leaving for work. I'm trying to be sensitive to the fact that there are jobs which need to be done ... but there should be some restrictions to truck traffic along (that road)."

"That's a main thoroughfare," said Michael Soares. "You can only put so many restrictions on a road."

As a public road, Tax Collector Tom Gayoski added the town can't stop trucks from travelling along certain routes. "Some of those trucks pay as much in excise tax as a small home in Rochester," Mr. Gayoski said. "And they don't have kids in school."

presence along the roads, Police Chief Walter Denham said he's noticed an increase in truck traffic on weekends. "I've been thinking about asking the board to cut down on the number of permits allowed on Saturday," he said. "There are more people around, and the kids are out of school."

"A lot of neighbors have said they called the police station and (the trucks) slow down for awhile, but it starts up again," Mr. Winston said. "It seems to work for a little while, and then it's back to the same old tendency."

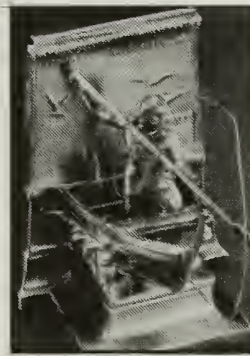

"There's no excuse for a speeding truck," Mr. Soares said. "But the people who complain that trucks are speeding past their house are the same people who feel compelled to pass them on the road."

Chairman Cutler agreed that the issue needed to be monitored. "One thing is to impress upon these (truck) operators is that we've passed a by-law in town to allow them to operate easier. But if there are more complaints from residents, they might feel the urge to rescind that vote."

At 7:45 pm the board met with the members of the Police/Communications Building Committee to discuss their final plan of attack for the upcoming Town Meeting. Committee Chairman Jack Ayers noted they have preliminary plans for the project in hand, and the estimated minimum cost would be \$940,258 — with a maximum cost of \$1,129,076. Mr. Ayers also told the board that two committee members had volunteered to serve as

"As much as I appreciate people volunteering to do this, we really need to have someone there during the day," Chairman Cutler said. "I think we've got to fund someone ... it can't be done on a volunteer, part-time basis."

Given the maximum cost estimate, Finance Committee (FinCom) Chairman Michael Costa said they could fund up to \$200,000 of the project from Free Cash, but the remaining \$1 million would have to be placed on an override. "It's likely we could fund a modest amount out of Free Cash, but I don't see a way around a Proposition 2 1/2 override," he said.

Police/Communications project would be spread out over 20 years and cost the average home owner with property valued at \$160,000 some \$60 on their first year's tax bill — an amount that would gradually decline each subsequent year.

At 8:10 pm the board met with members of the Historic District Study Committee for an update on their campaign to get the word out to residents about the proposed historic district in the town center. Committee member Susan Adams advised they will be holding their Public Hearing on Wednesday (May 5) and they've already made presentations to the Planning Board, Council on Aging, and at the Grange Hall. They will also have information available at Candidates' Night on Thursday, May 6.

"We've received a letter of endorsement from the Massachusetts Historical Commission and they've unanimously endorsed the Rochester plan," Ms. Adams said. "We've received letters from residents — some negative, but mostly positive. We're working closely with residents to get the word out. We hope to have reached everyone by Town Meeting and we hope everyone reads the plan before Town Meeting."

Ms. Adams noted that some last-minute changes needed to be made in the plan and by-law at the suggestion of the Massachusetts Historical Commission. Other than that, they are ready to go and need only to draft the wording of the Town Meeting article, which Mr. Huntoon will help facilitate and run by Town Counsel for review.

One of the biggest selling points, according to Selectman Ryan, is letting people know that the Historic District Committee will not be dictating how to make repairs to their home. "You really need to let everyone know that they can use vinyl siding," she said, "people just don't like to be told how to spend money on their

"We're trying to encourage people that (we're) not standing over their heads telling them what to do," Ms. Adams said. "There are many options available, as long as it doesn't change the look of the part of the building which is visible from the road."

One of the other advantages of establishing an Historic District is that the town will be eligible for state restoration grants — like the 50 percent matching grant up to \$150,000 for public buildings which Ms. Adams hope they'll get for the Plumb Memorial Library and/or Town Hall. "We have a pretty good shot at being eligible," she said.

At 8:55 pm the board met with members of the FinCom to review the town's operating budget for fiscal

The Wanderer Keel Award

The Wanderer is currently soliciting nominations for their sixth annual "Wanderer Keel Awards." The yearly honor — which will be presented to one resident from each of the five towns in our circulation area — will be announced in our May 27, 1999 issue and each winner will be the subject of a short feature highlighting their contributions to the local community. But *The Wanderer* needs your help in soliciting these "unsung heroes."

The requirements are simple. Nominees must be legal residents of Mattapoisett, Marion, Rochester, Acushnet, or Fairhaven (at least five years), and must have contributed in some way to the overall benefit of the community — either directly to town residents, or indirectly through efforts in promoting town activities, or working to keep the wheels of local government well-oiled. The only restriction is that these persons cannot benefit from their efforts in any way — either financially or politically (hence, sitting elected officials are not eligible).

In doing this, we hope to applaud those who are rarely recognized for their countless hours of service and focus on the many people "behind the scenes" who remain otherwise anonymous but provide crucial support to many town functions. Like the keel of a ship which keeps the vessel from capsizing, the recipients of the Annual Wanderer Keel Award will be recognized for their stalwart efforts in keeping the community on an "even keel."

Past recipients of this honor have been:

- MATTAPOISETT - Maurice "Mudgie" Tavares (1994); Priscilla Alden Hathaway (1995); Norma Holt (1996); Gale Hudson (1997); Kenneth Stickney (1998).

ORR Music Seeks Piano

Old Rochester Regional High School's Music Department is in desperate need of a new grand piano. Presently, the school ensembles are utilizing a Soemer, purchased some 40 years ago when the school was built. Over the years the piano has slowly lost its magical sound. It is now in need of much more than just a quick tune-up. It is imperative that the piano be replaced, not just repaired.

Friends of Old Rochester Music (FORM), an organization consisting of parents and faculty both at the junior and senior high schools is currently undertaking a large campaign. Their goal is to purchase a new Kawai Grand Piano by June, 1999. The total cost will be \$21,000. The school has budgeted \$8,000 and FORM purchased the three legs of the piano at \$500 each. They anticipate raising \$11,500 through generous donations and fund-raisers by student musicians.

The annual April Junior and Senior Jazz Night brought in \$700 towards the goal. Other fund-raisers are being planned. So far, they are three-quarters to their goal, or \$5,000 short. The "Buy A Key" plywood piano, made by the ORR music students and anchored to ORR's front fence reflects their progress to date.

If you are an advocate of the Music and Drama Departments at ORR, please think about donating a sum of money toward this large investment. This instrument is essential to help ensure that the music programs will continue to be a top priority and that it will help provide enjoyment for many years to come. If you are interested in contributing and would like to "Buy A Key" (or a string, hammer or pedal), or need more information, please call Dede Smith at 758-3487, or you can send in your check, made payable to FORM, to: Mr. Stephen Rogers, Old Rochester Regional High School, Marion Road, Mattapoisett, MA 02739.

There will be four separate classes of work: watercolor; oil and acrylic; mixed category (pastels, photography, theorem, pen and ink, computer art, mixed media); and crafts. Artists may bring up to four pieces and all will be hung, space permitting. A very few small paintings are acceptable. The hanging of any work will be at the discretion of the Acushnet Art Show Committee. All work to be hung must be framed properly with wire and ready to hang (no sawtooth hangers).

These awards will be decided by a judge. One Popular Vote Award of \$25 and ribbon will be given in the combined

media categories (first three) and one Popular Vote \$25 award and ribbon will be given in the crafts category. The committee is requesting that all winners of awards exhibit their prize winners and ribbons at the opening of the Acushnet Council on Aging Senior Center sometime in June or July (date to be announced).

If you know of an artists who is new in town or is a town resident new to arts and crafts, please call Ed Macomber at 995-8858 and give their name, address and telephone number so they can receive a formal letter of introduction.

By broadening the definition of a classroom to include school, work, and community-based programs, students are able to make more informed career choices, get a head start on gaining necessary skills, learn about cutting-edge technology, and make great contacts with future employers. School to Career benefits all students, from those going directly to work after graduation to students that are going to four-year universities and graduate schools.

Smoking Cessation in Acushnet

The Acushnet Public Schools Health Advisory Council is sponsoring a FREE quit smoking workshop and hypnotherapy session to be held at the Ford Middle School on Thursday, May 27 at 7:00 pm. This session will be the follow-up session to a hypnotherapy session sponsored by the PACT Program to be held the previous Thursday in the Middle School at the same time.

Jo-Anne Masson, RN, Health Coordinator for the Acushnet Public Schools, explained: "We have many students in the Acushnet Public Schools who live in households where there are smokers. The Health Advisory Council feels that it is important to help parents, caregivers, and other members of the community to try to stop smoking. The goal is twofold — to reduce

secondhand smoke in children's homes and cars, thereby creating a healthier environment for them and to help smokers in the community avoid the tragedy of developing smoking-related illnesses."

Actually, the two hypnotherapy sessions are part of a smoking cessation program called "Independence from Tobacco" designed by the PACT Program which serves the Boards of Health in Acushnet, Lakeville, Marion, Mattapoisett, and Rochester. The sessions will begin May 6 and continue every Thursday night until June 3 at the Ford Middle School. "We have found through trying several different models that the smoker who participates in the full five sessions including the hypnotherapy sessions will have a significantly better chance of staying quit for the long term," said Judith Coykendall, Program Director.

She added: "It has been a pleasure working with the Acushnet Health Advisory Council to provide the combination of a support group with two successive hypnotherapy sessions to members of the community. This is collaboration at its best!"

Interested smokers should call the PACT Program at 748-3531 for more detailed information and registration.

SOMETIMES OLDER IS BETTER

As the saying goes: "Your not getting older -- you're getting better." This also applies to homes. If you want more house for your dollar, you have many good reasons to look over older homes.

For one thing, there are simply more old houses than new ones. For every new house that will go up this year there are some 45 existing homes already on the market.

Many older homes, especially those built before World War II, offer more abundant space than new

homes do -- a special attraction if you have a large and growing family, but a limited budget.

Most old homes are in well-established, well developed neighborhoods. There will be no waiting for streets to be paved, sewers to be connected or schools to be built. All that is going to grace the neighborhood is probably already there, so that worrying about the future will have been done for you already.

The Lions will have a food booth and their Eye-Mobile at the location. Another sale will be taking place at the Church of the Good Shepherd, 357 Main Street. In addition to the

sale, a luncheon will be served inside the church. MOLIFE, at 43 Daniel Street, will also hold a sale in conjunction with Yard Sale Weekend.

As of May 1, the list of individual yard sales includes: 38 Blackburn Street, 8 Dudley Street, 48 Glenhaven Avenue, 16 Harding Road, 22 Hawthorne Street, 52 Hawthorne Street, 129 Howland Road, 441 Main Street, 468 Main Street, 475 Main Street, 6 Manuel Street, 14 Manuel Street, 16 Mozart Street, 12 Nancy Street, 17 Newbury Avenue, 23 Sycamore Street, 2 Wilding Street, 25 Wilding Street, 37 Wilding Street, 19 Woodside Avenue, and 21 Woodside Avenue. Be sure to look for other yard sales, too — not all sales have been listed with the NFIA in advance.

Times for individual yard and garage sales may vary slightly, but generally most sales should begin at about 9:00 am and continue through the day on both Saturday and Sunday. If enough homeowners have listed their sales ahead of time, a map including yard sale addresses may be available in advance at the Fairhaven Visitors Center, 27 Center Street.

For more information about this or other Fairhaven events, please call the Office of Tourism at 979-4085. Individuals or organizations planning to hold a yard sale in North Fairhaven on May 15 and 16 are asked to leave a message, including street address, with Christopher Richard at the Office of Tourism ASAP.

PROTECTING YOUR ADJUSTMENT

Q Are there any "do's" or "don'ts" following a chiropractic adjustment? My husband thinks it's okay to play racquetball after getting his adjustment.

A A lot depends on why one is getting adjustments, for what condition. So we can't comment here on an individual case.

In general, however, patients do tend to test the adjustment by stretching or flexing the treated area. Though testing is only human nature, it is also unwise, because excessive stretching or flexing may "undo" the treatment.

GENERAL RULES

Follow these four rules for best post-adjustment success:

#1—Do not test the adjustment by bending, stretching, or flexing the treated area where it used to hurt to see if it's getting better.

#2—Do avoid overdoing physical activity even after you have started feeling better.

#3—Do follow through by getting all the treatments your doctor recommends. Usually, a sequence of treatments gains maximum rehabilitation. Even when you notice improvement in your problem, the affected areas may not yet be ready for full physical activity.

#4—Get your chiropractic doctor's okay before resuming your normal activities.

Rochester Public Safety Building

The Building Committee for the Town of Rochester's Public Safety Building would like the voters of Rochester to know that the building has been downsized to a maximum of 4,000 square feet and will include the police station and communications center. The price will *not* be more than \$1.2 million, and includes the completed building, landscaping, architect, engineering, and clerk of the works (or job overseer), fees, furnishings, and all equipment for the operation. The site will be on town property on Dexter Lane.

While the committee has been concerned about the costs the building would create in taxes for each resident, they cannot in good conscience recommend a smaller project. Construction costs are relatively fixed at about \$200 per square foot because of public safety code requirements and the present building climate, which favors builders and higher fees. Thus, the only way to diminish costs would be to decrease the building's size ... but a structure significantly less than 4,000 square feet would be outgrown within five years, at which time additions cost twice what they do now. The planned structure is anticipated to last a minimum of 30 years and the committee feels it represents the most cost-effective choice.

Sippican Seniors

The next regular meeting of the Sippican Seniors will be held at 1:30 pm on Friday, May 14 at the VFW Pavilion on Route 6 in Marion. Seniors will be entertained by the Woodchoppers, a musical group from Rochester, followed by refreshments in charge of Gertrude Morse and her helpers.

A Chicken Barbecue sponsored by Marion VFW Post 2425 for the Sippican Seniors and guests will be held at 1:30 pm on Sunday, June 13 in Marion. Tickets are \$7 and will be available at the May meeting or from Laura Ames (295-0577) or Natalie Sullivan (748-1467).

This year the Junior Prom will be held on Friday, May 7. The Class of 2000 is planning an After Prom Party at the high school from 12:00 midnight to 5:00 am. Although all of the students may not be going to the prom, they would like them to be part of the After Prom Party. Students may sign up to attend this Drug-Free, Alcohol-Free party in the office of the high school during school hours. Parents will be organizing and running the party and this year there is something special planned.

"The Party People" will be coming into the high school to set up a carnival atmosphere with four exciting activities planned: "Velcro Jumping," "Team Challenge," "Bunji Run," and "Bouncy Boxing." There will also be movies, entertainment, lots of food, and raffles going on all night with lots of prizes for the students to win.

Marion Art Center

One-Woman Show

A one-woman show opens at the Marion Art Center on Friday, May 7. There will be a reception to meet the featured artist, Barbara Heilmann Levine. Ms. Levine's work includes paintings, pastels, and tapestries. The show reveals a breakthrough in the combined efforts of tapestry and painting as related art forms. Her "brush and palette" approach to the construction of her woven work introduces a new technique to the art. The designs are unusual and bold. Much of the work is inspired by nature. There is a progression from detailed studies of individual flowers to an abstract world of personal fantasy paintings.

Barbara Heilmann Levine was born and educated in New York City. After completing studies at Parsons

MOVIE REVIEW

Caper Crusaders

BY ROB GONSALVES
local@wanderer.com

■ **Entrapment.** Starring Sean Connery and Catherine Zeta-Jones. Directed by Jon Amiel. Running time: 113 minutes. MPAA rating: PG-13. At Cinema 12 in the North Dartmouth Mall.

I always love when they break out the cool gadgets in movies like *Entrapment*. Here is a computer-controlled cord precisely calibrated to drop a person down the side of a building and gently slow him down to exactly where he needs to be. Here also is a hand-held device for decoding a security system, and a long, thin pair of cutters with a penlight attached — perfect for those occasions when you need to snip an alarm wire in back of a painting. Do these gizmos actually exist in real life? I have no idea, but damn it, they look cool.

So do Sean Connery and Catherine Zeta-Jones, and *Entrapment* is clearly meant to be an old-school, stylish caper movie in which we watch cool people doing cool things (hey, it worked for *The Matrix*). Such a movie hardly needs a plot; all we really want is to watch the anti-heroes prepare for the caper, do the caper, and get away with it. But the people behind *Entrapment* — director Jon Amiel, writers Ron Bass and William Broyles — seem to think we need a lot of twists and turns and double-crosses. That's not necessary. Sometimes cool people with cool gadgets are enough for a spring-afternoon piece of Hollywood entertainment.

Connery is Robert "Mac" MacDougall, a legendary thief who apparently has the ability to materialize and dematerialize at will (if so, you wonder why he needs all the gadgets to break into buildings). One night he materializes in the hotel room of Virginia Baker (Zeta-Jones), an investigator who's been itching to catch him. Virginia is also, as it happens, not too shabby in the thievery department herself; she proposes that they team up to steal a priceless Chinese mask, and then take advantage of the impending Y2K shutdown on "Millennium Midnight" (the movie is erroneously said to take place "days before the millennium," though smart people know the millennium doesn't actually begin until January 1, 2001).

Part of the fun of *Entrapment* is watching old pro Connery

and relative newcomer Zeta-Jones interact — the twilight of a seasoned star meets the dawn of a fresh one. Connery has the weight of authority and experience, and he's amusing here when he grows impatient with his protégé (or backs away from her romantic advances), or when he's posing as a harmless tourist snapping pics of the Kuala Lumpur bank the thieves have targeted for their \$8 billion caper. Zeta-Jones has beauty and brains, plus a spark of wit, but she needs better scripts. In this movie and *The Mask of Zorro* she's proven she can be a movie star, but time will tell whether she can be an actress to contend with, given richer material.

Besides the gadgetry, the best part of *Entrapment* is the middle section, when Mac trains Virginia. She has to writhe and curl across a room, avoiding red strands of yarn standing in for the laserbeams guarding the mask; she goes through other preparations we don't fully understand until the actual caper. To me, the bulk of the movie should have been the training, and the climax should have been the theft of the mask (though there are some deft moments of tension in the later bank caper).

The movie runs on a bit longer than it should, with double-crosses inside double-crosses; it's a little too plot-heavy. Jon Amiel should have trusted the charisma of his two leads. *Entrapment* gets by well enough on style and star chemistry and the basic allure of watching a tightly-planned caper unfold. Simply a half hour of set-up, a half hour of training, and a half hour of the caper itself would have sufficed. Some might also throw in a half hour of Catherine Zeta-Jones writhing under the yarn, but let's not go there.

This Week's Horoscope

by Linda Black

Weekly Tip: The sun is in Taurus, helping us make good decisions. With the moon in Virgo soon, practical matters will be easy to figure.

Aries (March 21-April 19). Double check your work and resist temptation. Join forces with a partner, so you can spend more money together.

Taurus (April 20-May 20). Romance beckons, so follow. You're in for a pleasant surprise. Develop a passion for paperwork and a dream could come true.

Gemini (May 21-June 21). Your household is disrupted with cleaning. Get it tuned up so you can have company.

Cancer (June 22-July 22). Study test data and apply what you've learned, quickly.

Leo (July 23-Aug. 22). Take care not to waste money. Only bet on a sure thing. Catch up on your reading. You'll need the information.

Virgo (Aug. 23-Sept. 22). You're the first one to get the answer, so share it with others. Use what you know to increase your income. Save paperwork and errands for later.

Libra (Sept. 23-Oct. 23). Don't gossip, at least until you're sure you've got the facts right. You could look for attention and possibly a new romance.

Scorpio (Oct. 24-Nov. 21). Let a friend help direct your energy. Keep secrets, even if they're juicy ones. You're getting stronger and quite powerful, but not unopposed.

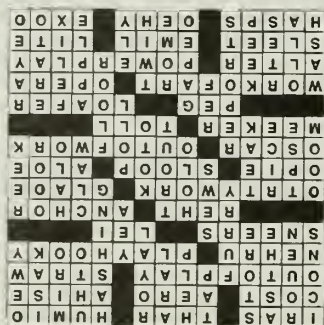

Sagittarius (Nov. 22-Dec. 21). Pay attention to the fine print and make your cold calls. Strangers become friends with little or no effort on your part.

Capricorn (Dec. 22-Jan. 19). Travel or contact a foreigner. Make plans and rake in the money. There's a conflict between social and private life.

Aquarius (Jan. 20-Feb. 18). Communicating effectively could increase your income. Travel and long-distance business goes well. Take time to think out all contingencies.

Pisces (Feb. 19-March 20). A partner could help you make money and spend it. Get what you need from a distant source and travel with loved ones. Learn from a wise philosopher.

If You're Having a Birthday This Week: Go after those old dreams, and catch them. This could be the year you find a perfect job, the one that uses all your talents.

School Superintendent Meetings

Old Rochester Regional School Superintendent Elizabeth Quinn has announced a schedule of availability in the schools of the district during late afternoon and evening hours. The purpose of these evening "office hours" is to provide opportunity for parents and other community members to drop in and discuss with her perceptions, ideas, and issues relating to the operation of the local and regional schools. Those who would prefer a specific appointment during these hours or at any other time need only call her secretary, Danielle Brightman, at 758-2772, extension 13 to schedule a time. A sign will be posted at the main door of each school directing visitors to the office where Ms. Quinn is available. All meetings will be held from 5:00 to 7:00 pm, and scheduled dates for the opportunity are:

- Thursday, May 6 - Sippican School in Marion;
- Monday, May 24 - Center School in Mattapoisett;
- Thursday, June 3 - Old Rochester Regional Junior High School.

Learning Points for Sippican

Sippican Elementary School in Marion is pleased to announce that it is participating in an exciting program that is bringing FREE technology to students and teachers across the country. Over 40,000 schools in the nation are registered in the AT&T Learning Points Program. This program brings important technology to schools by allowing AT&T Long Distance customers to help the registered school of their choice. For every dollar AT&T Residential Long Distance customers spend on qualifying phone calls (subject to availability, certain exclusions apply), AT&T automatically awards the school five Learning Points. The more supporters the school has, the more Learning Points it accumulates.

Participation in the Learning Points program does not impact supporters' rates, calling plans, or services. To direct Learning Points to the school of their choice, AT&T Residential Long Distance customers call 1-800-354-8800, extension 63168 and provide the school's account number. The account number for Sippican Elementary School is 00619584.

Whether they live across the street or across the country, any AT&T Residential Long Distance customer

can help. It's simple, easy, and it really works. If you'd like to help, please call 1-800-354-8800, extension 63168, or visit www.att.com/learningpoints/.

Mattapoisett Recycling Program

Curbside recycling pick-up in Mattapoisett is done on a biweekly basis. You may leave the following items for collection:

- Plastic containers (including all plastic milk, juice and water jugs, and both #1 and #2 plastic), but no plastic bags or no #3 through #7 plastic containers;
- Metal cans (all cans, tin foil, and cooking tins), but no window frames, lawn furniture, or paint/aerosol cans;
- Glass bottles and jars (clear, green, brown bottles for soda, beer and wine, also mayonnaise and baby food), but no opaque or blue glass, no ceramic or plate glass;
- Newspapers (including those with Sunday supplements), but no soiled, wet newspapers, no magazines or catalogs, no phone books, paper bags, or cardboard.

Please note that all containers must be thoroughly cleaned, all caps, rings, lids and styrofoam labels must be removed (paper labels may stay on), and you should place containers in bag to protect against weather — but do not tie the bag closed!

Mattapoisett residents may also drop off their recyclable materials at any time at the transfer station from Tuesday through Saturday, 8:00 am to 3:00 pm. The following items are accepted at the transfer station:

- Yard Waste (including grass clippings, Christmas trees, leaves ... all FREE of charge), however there is a charge for logs, stumps and branches;
- Appliances (including air conditioners, refrigerators, stoves, hot water tanks, washer/dryers, and the like), fee is \$10 per item;
- Scrap Metal (including car fenders and bumpers), but no gas tanks or whole cars. There is a charge per carload/truckload;
- Car Batteries (taken FREE of charge and must be checked with attendant for storage area). Tires and paint are also taken once per year (please consult *The Wanderer* for date and times).

Remember, you haven't truly recycled until you buy products made with materials you place at the curbside or drop-off. For a brochure about buying recycled products, please call the DEP's Infoline at 1-800-462-0444. If you see illegal dumping or other environmental hazards occurring in your neighborhood, please call the Mattapoisett Board of Health. For major incidents, call the Massachusetts Environmental Strike Force at 1-617-556-1000.

Households in Mattapoisett without a blue recycling bin should call the Board of Health, as additional bins are available. For fee structures and further information on recycling, please call the Mattapoisett Board of Health office at 758-4112.
